## FOREWORD

I take pleasure in authorizing the release of the 1967 Municipal Directory—the 20th Edition of the Directory.

It is prepared to provide those interested in local government with the names and addresses of some of the officers of the municipalities of the Province and also their 1966 population and assessment.

On behalf of the thousands of persons that use this Directory, I express appreciation to the municipal officials whose annual co-operation makes the early publication of this Directory possible.

A handwritten signature in dark ink, appearing to read 'J. M. G. ...', is written over a horizontal line.

# ASSESSMENT

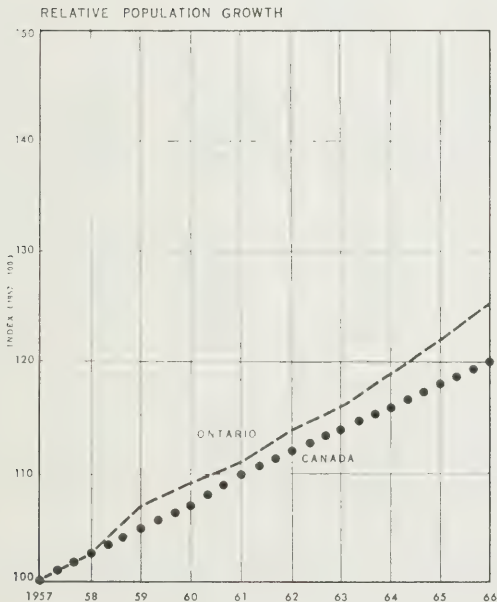

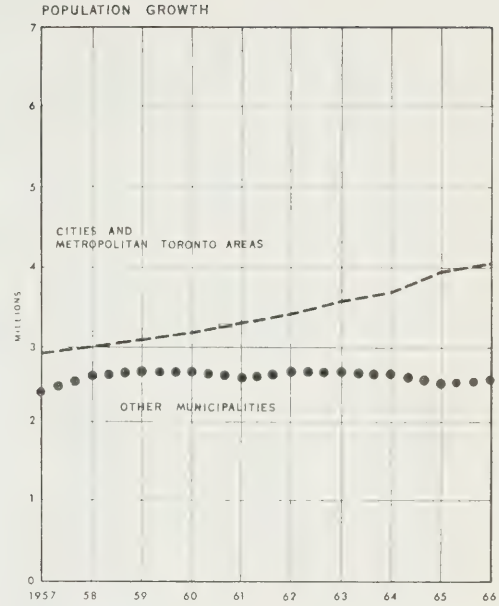

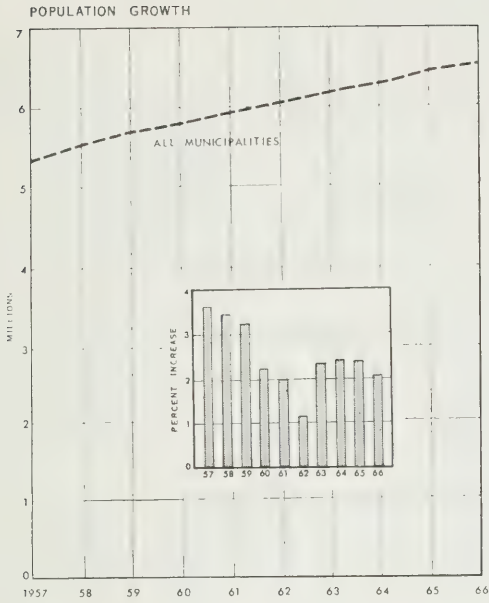

## EXPLANATION CONCERNING ASSESSMENT

The taxable and the exempt assessment of the municipalities, which is entered on pages 18 to 117, is referred to as the "1966 assessment". It was determined and reported by the assessor during the year 1966 and delivered to the clerk prior to October 31st of that year. The taxable assessment, as entered on the above-mentioned pages, is that upon which realty and business taxes for the year 1967 will be levied, subject to minor variations because of appeals.

The growth in exempt assessment, as disclosed in these graphs, may be explained substantially by the fact that, prior to recent years, many municipalities either did not assess exempt properties at all or assessed them at unrealistic amounts.

# POPULATION

## EXPLANATION CONCERNING POPULATION

The population of each municipality which is entered on pages 18 to 117 is referred to as the "1966 assessed population". It is the total population residing therein on a permanent basis reported by the assessor during the year 1966 less the number of persons who reside in institutions, defence establishments and on Indian reserves. The assessed population has been used in the preparation of the graphs.
